CAN HEAR ONCE MORE

Dry Catarrh of Middle Ear Quickly Cured

DEAR DOCTOR SPROULE:—

I have been taking your medicines for three weeks and *I can hear all right*, and I feel well in every way. Your treatment has cured me and I feel as if I could take right hold and work as much as any of them. It does not seem as though I shall ever need any more medicine.

When you took my case, as you know, I could not hear at all with my left ear, and could hear but imperfectly with my right. I used to have terrible choking spells and had to rise up in bed to get my breath. Your medicines relieved my general symptoms at once, but my hearing came back gradually. I am so thankful to you for what you have done for me.

Yours truly,

MRS. WINFRED I. SMITH,

WAS A TOTAL WRECK

Illinois Man Cured of Systematic Catarrh in Less Than a Month

DEAR DOCTOR SPROULE:—

In reply to yours of recent date, would say that I am entirely cured of Catarrh and that TWO BOTTLES of your medicine did the work. If I had only known of you and your treatment ten years ago, I should have enjoyed many a happy day which has been dark and gloomy instead.

When I commenced your treatment I was a total wreck and had almost given up hope, but in a few days after coming under your care I began to improve, and have continued to do so ever since. I am very thankful to you for urging me to take your treatment, and will recommend you as the only true source for the cure of Catarrh. Any questions written me regarding my case will be cheerfully answered.

Your sincere friend,

D. C. CLAY,

COMPLETELY CURED

Nose was Stopped Up, Voice Hoarse, Stomach and Liver Affected

DOCTOR SPROULE:

Dear Friend,—In reply to your letter, I am pleased to say that I feel better than I have for years,—thanks to your good advice and treatment. I am in perfect health, and take pleasure in saying that I have found you capable and efficient in your methods of treating my affliction, and recommend you to anyone in need of help.

When you took my case I suffered terribly from catarrh in the head and throat and other troubles. I had dark circles under my eyes, my hair was falling out, and I began to feel like an old man although I am but 30. Your medicines soon made all this very different. My bowels, which had been very constipated, got normal again, and I am feeling fine. Thanking you for what you have done for me, I remain

Yours very sincerely,

L. W. FAUST,
